To Whom It May Concern:

This is a letter of enthusiastic support for Rick Robinson and the Cuttime Players. The Chelsea Public Schools has had the Cuttime ensemble present concerts twice. In my 26 years of teaching, these amazing Detroit Symphony artists present the most inspiring and engaging program demonstrating virtuosic music-making in a kid-friendly package. All of the players in the ensemble gave terrific master classes presenting basic technical information and advanced musical concepts. The mission of this group – presenting quality classical music to schools – was accomplished with aplomb. If we could, we would have Cuttime present concerts and master classes on a yearly basis – I believe we would have better retention and a higher level of performance as a result.

Sincerely,

A handwritten signature in black ink that reads "Jed A. Fritzeimer".

Jed Fritzeimer
